CHEMISTRY LABORATORY TEST REPORT

Test Report No: FA/2023/04821 **Sample No:** L/1498/2023C **Field No:** P:15.04.2023 B#:04713150423

Name of Client: UGACHICK POULTRY BREEDERS LIMITED **Address:** Magigye Gayaza off Namulonge Road, Wakiso

Manufacturer / Exporter: UGACHICK POULTRY BREEDERS LIMITED **Sample Quantity :** 1 pack — 1 kg

Sample Description: Dressed Poultry (UgaChick Dressed Chicken (KFC 9PC) brand) **Lot Size:**

State of Sample(s): Sample was received packed in a sealed polythene bag

Sampling Report No: N/A **Date of Testing :** 2023-05-11 **Lab Receipt Date:** 2023-04-20

Test Method(s): US EAS 953: 2020 & US CAC/MRL 2:2015, Charm II

Test Results

#	Parameters	Results	Specification	Status
1	*** Tetracyclines**			
	i). Chlortetracycline (µg/kg)	<100	200 (Maximum)	Pass
	ii). Oxytetracycline (µg/kg)	<100	200 (Maximum)	Pass
	iii). Tetracycline (µg/kg)	<100	200 (Maximum)	Pass
2	*** Aminoglycocides 1**			
	i). Streptomycin (µg/kg)	<600	600 (Maximum)	Pass
	ii). Dihydrostreptomycin (µg/kg)	<600	600 (Maximum)	Pass

Attachment(s) to the test report : NONE

Remarks:

1. The above sample was analysed as per the instructions on UNBS Request for Analysis Form serial Number RFA/2023/3413.
2. The Analysis was carried out at UNBS Chemistry Laboratory located at the address below using the test methods indicated above and the status of results as per the Uganda Standard, US EAS 953: 2020; Dressed Poultry - Specification.
3. The above sample meets the requirement for parameters analysed as specified in the above standard.
4. This test report number (FA/2023/04821) is valid for sample number (L/1498/2023C) only and the results apply to the sample as received.

Note :

(i) N/A means 'Not Available'.

(ii) For Tetracyclines, Aminoglycocides 1 & Macrolides; < (value, µg/kg) means 'Below the detection limit' for the parameter/"Not detected".
